

We have exciting news! Cancer Support Community at Gilda's club has launched a **mobile app** called **MYCANCERSUPPORT**.

The Mobile App blends support services, educational tools and resources and meaningful community connections into one seamless and easy-to-navigate tool. Through the MyCancerSupport App users will be able to:

- **Find Support** – connect to a nationwide cancer support hotline and to local agency website
- **Connect Locally** – direct access to the programs and services at Cancer Support Community at Gilda's Club Rochester including the calendar program registration.
- **Get Educated** – connection to a variety of educational programs, webinars, tools and resources
- **Get Involved** – volunteer opportunities with the local organization and opportunities for patients/caregivers to share experiences and insights

We'll also be able to communicate with members who have the Mobile App in a timely manner about urgent news, program updates, and other interesting news.

The Mobile App will help enhance member access to support and resources and connect more people impacted by cancer with services on-the-go.

From your mobile device,
register for the Free App at:
