This organization is very close to my heart as I have personally benefited from the tremendous programs of support they offer as a complement to medical care and treatment. **It has been a beacon of hope in my life,** providing not just resources, but a sense of belonging during one of the most challenging times I’ve ever faced as a child and now as an adult.

Knowing that there is a place where individuals facing cancer can find solace, camaraderie, and practical resources brings comfort to many.

- Orlando

My cancer diagnosis in mid-October 2007 hit me hard like a tidal wave. When I told my kids we were all crying. I had aggressive prostate cancer and was told I had 5 years to 15 to live. The prostate support group at Cancer Support Community at Gilda’s Club was by far the best recommendation of my life. So many members of the staff and so many peers within the groups I attended gave me hope, gave me calm and allowed me to live my life with ease and happiness. I am not out of the woods, but I still feel very confident and ever so happy for every day.

My happiness today wouldn’t be the same without their support yesterday. **“FOREVER GRATEFUL!”**
